

Medical Exp. Paid in 2023

Important - payments must have been made in 2023

Patient's Name	Medical Practitioner	General Reason	Total Amount	Amount Reimbursed	Net amount (pd. Out of pocket)
Total					

If you are claiming medical expenses on your tax return this form **MUST** be filled in. Once it has been filled in we don't need copies of your receipts, but you must keep them for 7 years in case CRA asks to see them. You don't have to put in every invoice individually. You can put the total per person for dental, prescriptions, chiropractic etc listed on their own line. See example below.
 Any amounts that have been reimbursed to you **must** be included in the chart above.

To see what medical expenses are eligible you can check the link on our website on Office Procedures page
